Subject: TDD Amendment #1- Arcelor Mittal Indiana Harbor Canal Spill

Hi Mike,

I've attached a TDD amendment for Arcelor to raise the ceiling from \$5000 to \$20000, this would cover costs through project closeout assuming Arcelor handles the leak in an appropriate amount of time (I'm assumed a few weeks at most). We are currently around \$11759.72.

Let me know if you would like to review costs or change the amendment.

Thanks, Cordell
